Notice Text

SOC Lifted - System Wide DRAFT Condition

The Strained Operating Condition ("SOC") for a Draft condition issued on December 8, 2017 (Critical Notice Nos. 600834 and 600838) will be lifted effective Gas Day December 9, 2017. As such the SOC was in effect for Gas Day December 8 only.

Customer response has been sufficient to increase EPNG's linepack to acceptable levels.

Supply performance in Permian and San Juan basins have improved.

Washington Ranch remains on limited withdrawal.

Currently All ("PAL") service has been restored and will continue depending upon adequate linepack.
