Beyond energy, IEnova means commitment  
We promote development in the  
communities where we operate

# Message

---

From the Chairman of the Board of  
Directors and Executive Chairman  
of IEnova  
Chairman of the Advisory Committee of  
Fundación IEnova

At IEnova we go beyond energy: we are a strong company, with a forward-looking vision, committed to Mexico. We are firmly committed to contributing to the social and personal well-being of the communities where we operate and to which we belong. For this reason, we have worked consistently for 23 years to improve the lives of millions of Mexican people.

The goal of Fundación IEnova is to improve quality of life in the communities where we operate, with actions centered on four pillars: **Education, Environment, Vulnerable Groups, and Community Services.**

This report describes Fundación IEnova's results for the year 2019, during which we sponsored 35 projects and 24 organizations, directly benefiting eleven Mexican states.

The humanity and solidarity of the IEnova team is evidenced by the active role our employees play in our efforts; they are the driving force behind this project. I wish to thank our Board of Directors and our Advisory Committee for entrusting Fundación IEnova to manage important social investment projects in the communities to which we belong. Fundación IEnova is built with contributions from all of us.

**Carlos Ruiz Sacristán**

**Chairman of the Board of Directors and  
Executive Chairman of IEnova  
Chairman of Fundación IEnova's Advisory Committee**

# Message

---

From the Chief Executive Officer of IEnova

IEnova's business strategy is executed based on our firm conviction that energy infrastructure drives our country's growth and social development. Fundación IEnova showcases the strong social commitment behind the development of our projects.

During 2019, Fundación IEnova granted \$23.71 million pesos in projects related to scholarships for talented university students, infrastructure improvements focused on generating electricity with clean sources, infrastructure improvements in foster homes and centers that provide assistance to vulnerable groups, and integral care for children with cancer.

I am particularly grateful to those employees who during 2019 participated in 16 corporate volunteer events in eight cities in Mexico.

**It is thanks to you that at IEnova we go beyond energy!**

**Tania Ortiz Mena**  
**Chief Executive Officer for IEnova**

WE ARE  
FUNDACIÓN  
IENOVA

The graphic features the text 'WE ARE FUNDACIÓN IENOVA' in a bold, sans-serif font. Each letter is a large, hollow shape filled with a collage of small, vibrant photographs. These photos depict a diverse group of people, primarily children and young adults, in various social settings. Some are smiling, some are interacting with each other, and some are holding items like books or toys. The overall tone is positive and community-oriented, representing the organization's focus on social impact.

**Driven by our strong commitment to improve the well-being of the communities to which we belong.**

For this reason, in April 2015 we created Fundación IEnova, A.C. (Fundación IEnova), a second-tier foundation duly authorized to make donations and economic contributions in compliance with the requirements set forth by the Mexican tax authority (*Servicio de Administración Tributaria, SAT*).

Through Fundación IEnova's work, we strive to strengthen and maximize the positive impact of our activities in the communities where we operate.

# Our Mission

---

At Fundación IEnova we are committed to transforming lives by supporting organizations and programs that contribute to the development of the communities to which we belong.

## Areas of Giving

---

We focus on sponsoring works that offer greater mid- and long-term benefits to the community in four areas:

**Education**

**Environment**

**Vulnerable Groups**

**Community Services**

During 2019, Fundación IEnova prioritized projects related to the following programs:

**Scholarships for talented university-level students** who need support in order to continue their studies.

**Infrastructure improvements** focused on supplying electricity generated from clean sources to foster homes and centers that offer support to **vulnerable groups**.

**Infrastructure improvements** in foster homes and centers that care for vulnerable groups.

**Integral care** for children with cancer.

# Methodology for Granting Donations

---

Fundación IEnova supports non-profit organizations approved by the Mexican tax authority (SAT) whose activities are aligned with one of the priority programs and/or with the corporate purpose described in the Foundation's bylaws.

Fundación IEnova employs an assessment methodology in order to structure the way in which it determines which projects and organizations to sponsor.

**In addition to being able to grant donations openly, this enables us to maximize the impact of the allocated resources.**

# Applying the Methodology

---

Each application is thoroughly reviewed. By employing this methodology, we can assess the soundness of an organization by reviewing factors such as corporate governance, transparency, experience, recognitions, and sustainability. We also analyze the project, location, performance indicators, potential results and impacts, as well as sustainability-related plans, among other aspects.

The organizations that receive the best evaluations are considered preselected to receive a donation.

Fundación IEnova's management team presents the preselected projects to the Managing Board for approval. Subsequently, the projects approved by the Managing Board are presented to the Advisory Committee to evaluate them and, if applicable, approve them. The Advisory Committee also analyzes the results and management of Fundación IEnova.

Prior to delivering the resources, we carry out an anti-corruption process in accordance to the Foreign Corrupt Practices Act (FCPA), the Corporate Ethics Policy, and the IEnova Anti-corruption Procedure for the Approval of Donations, Sponsorships, Improvements, and Memberships, implemented by the Corporate Ethics division.

Once authorized, we sign a collaboration agreement with the selected organizations establishing the conditions that need to be met in order for a donation to be granted.

During the year of operation of the grant, or until the economic resources are spent, the organization must submit quarterly reports as well as the supporting documentation needed to verify compliance with the timetable and conditions established by Fundación IEnova's execution plan.

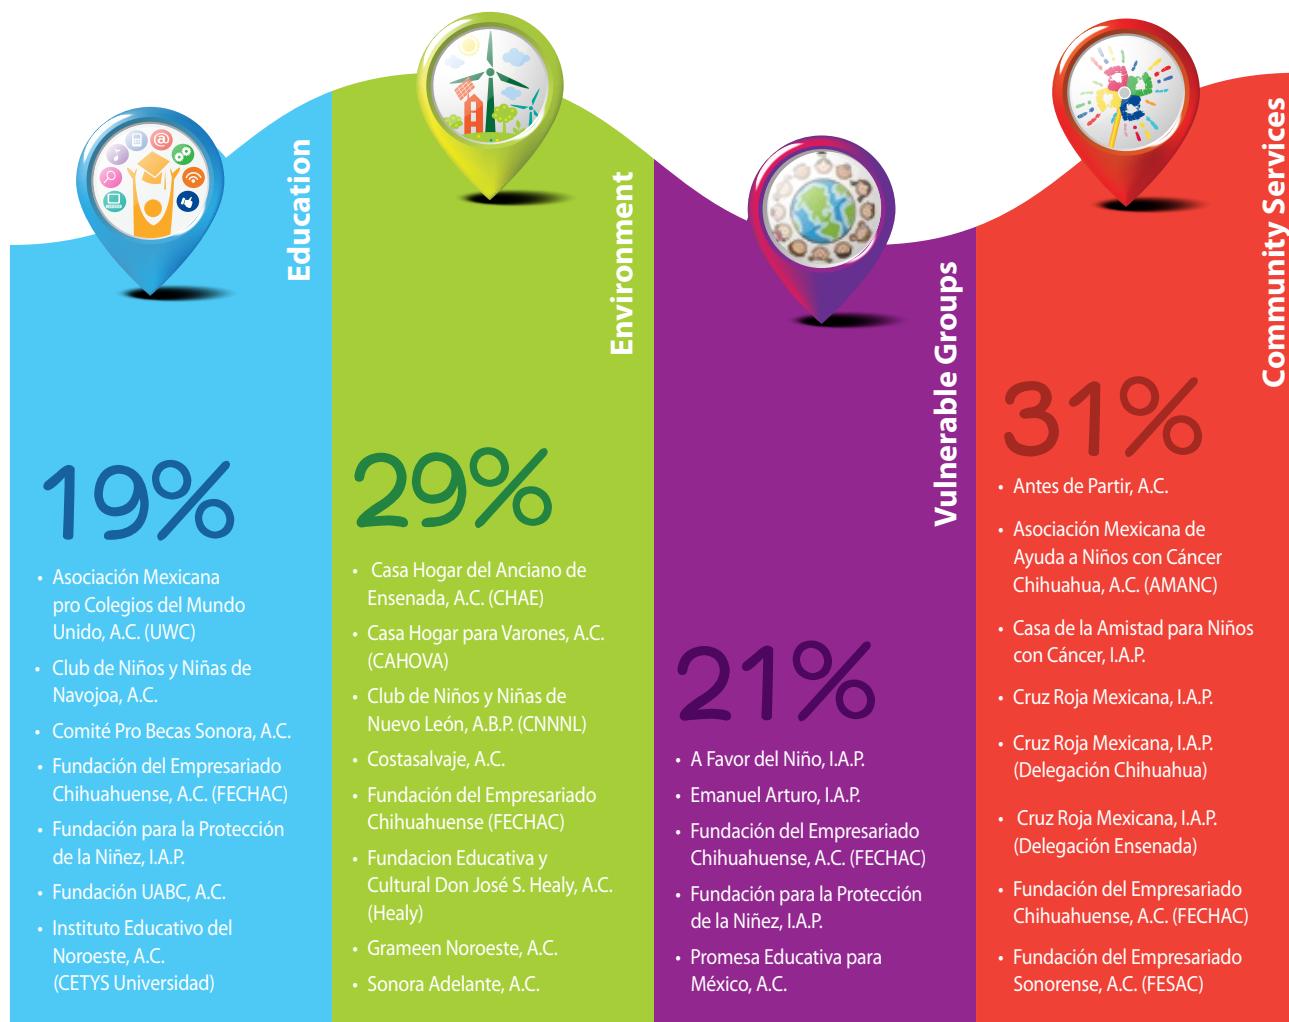

# Operating Results

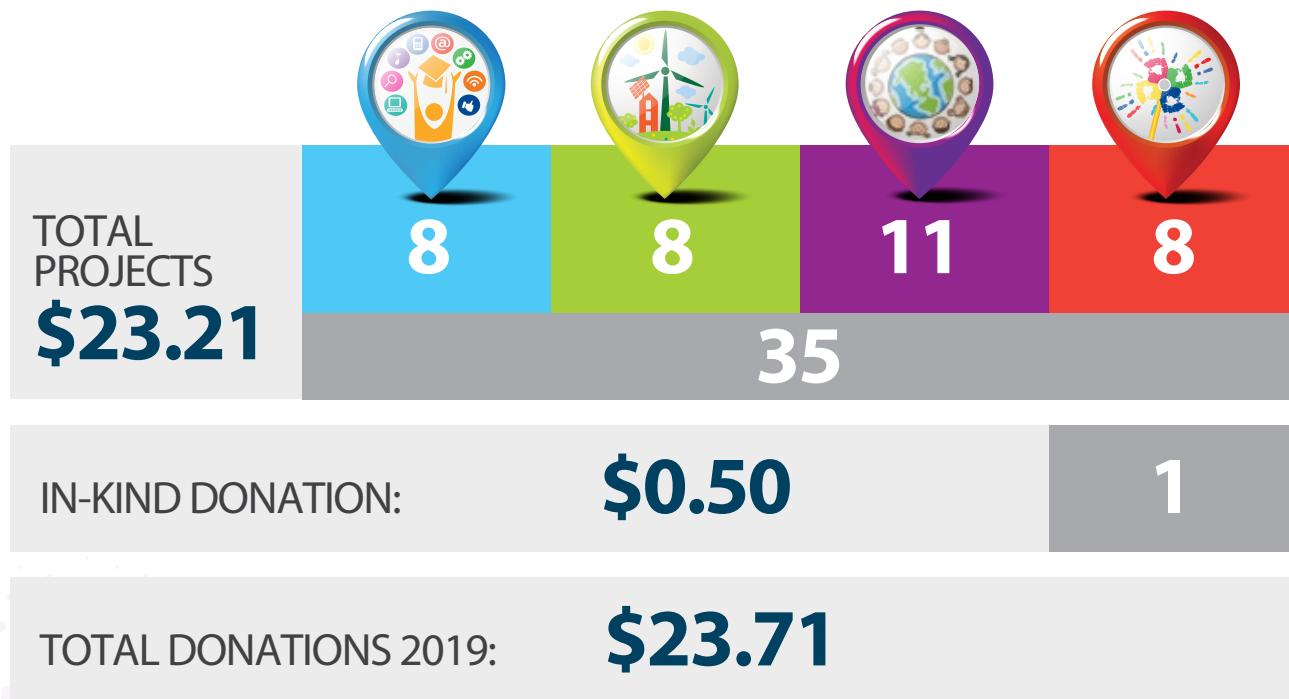

In 2019 Fundación IEnova granted \$23.71 million pesos in donations, with which we sponsored 24 organizations and 35 projects, and made one in-kind donation, in eleven states in Mexico.

**Built and/or restored 439 m<sup>2</sup> and painted 1,020 m<sup>2</sup> at 7 foster homes, as part of the Triannual Adoption Program for Improvements in Infrastructure.**

For the third consecutive year we sponsored **A Favor del Niño**, an institution that offers housing, food, and elementary school education. During 2017 and 2018 we installed a 28-kW system with **87 photovoltaic panels, avoiding 11.35 tCO<sub>2</sub>eq**. The savings obtained and the donation made by Fundación IEnova this year were used to **improve the cafeteria facilities and to provide a monthly average of 10,000 meals** (breakfasts, lunches, and snacks) to 277 children.

**Asilo de Niños y Casa Hogar** offers comprehensive assistance (housing, health, and education) to Rarámuri children living under vulnerable conditions. During 2018, the Fundación IEnova donation was used to build the **infrastructure needed for supplying natural gas**; in 2019, the donation was used to make **improvements in the bathrooms, bedrooms, and food storage** facilities by building and/or restoring 458 m<sup>2</sup> and installing 2 heaters, benefiting 200 children.

**16 corporate volunteers events** in 7 foster homes and 2 schools in Puebla.

## Red Cross Winter Plan:

1,567 packages with basic food supplies distributed at the Sierra Tarahumara.

Since 2015, Fundación IEnova has been collaborating with the Mexican Red Cross to offer humanitarian aid, delivering more than 7,000 packages with basic food supplies to Rarámuri people during winter.

## Medical Services:

\$2.98 M allocated to offering integral care for 265 children with cancer:

Specialized imaging, MRIs, tomography scans, PET scans, ultrasounds, and medications, among others.

\$0.86 M allocated to **remodeling the Casa del Colibrí kitchen**, a palliative care facility for terminal pediatric patients, with which 391 m<sup>2</sup> were refurbished and 903 meals were delivered to 50 children who visit the shelter regularly.

\$1.77 M allocated to Mexican Red Cross projects to improve the community services it offers, including **equipment for an ambulance** that caters to citizens in the city of Chihuahua; acquiring a **mobile clinic and mobile showers** to offer free medical and personal hygiene services to communities with little access to these services, in the city of Ensenada; contributing to **remodeling the Red Cross building** in the town of Delicias, in the state of Chihuahua, thus providing better staff facilities.

We continue to have a Collaboration Agreement with the Mexican Red Cross (Cruz Roja Mexicana, I.A.P.) for rapid response in case of natural disasters.

# Corporate Volunteers

Our corporate volunteers are an integral part of Fundación IEnova's social commitment events. In 2019, we held 16 volunteer events through which we benefited the following projects:

## 1,010 PACKAGES

SCHOOL SUPPLIES PACKAGES, INCLUDING CLOTHES, SHOES, AND TOYS DONATED TO CHILDREN AND YOUNG PEOPLE THROUGH OUR CORPORATE VOLUNTEERS PROGRAM

## 238 VOLUNTEERS

## ESCUELA+SONRISAS:

812 SCHOOL SUPPLIES PACKAGES DELIVERED IN EIGHT CITIES:

Chihuahua, Mexico City, Hermosillo, Mexicali, Monterrey, Puebla, Tecate, and Torreón

## ÁRBOL DE LA SONRISA:

198 PACKAGES INCLUDING CLOTHES, SHOES, AND TOYS DELIVERED IN SEVEN CITIES:

Chihuahua, Mexico City, Ensenada, Hermosillo, Mexicali, Monterrey, and Torreón

IEnova employees donated 222 school supplies packages to children in seven foster homes. Additionally, in 2019 Fundación IEnova donated backpacks and lunch boxes to all the children in those foster homes, and to students and teachers at the two schools located in the town of Santa Isabel Cholula, in the state of Puebla, that IEnova rebuilt after they were damaged in the 2017 earthquakes.

Fundación IEnova's corporate volunteer events are held twice a year at seven institutions that are part of the Triannual Foster Home Adoption Program for Improvements in Infrastructure.

During 2019, through our corporate volunteer program we donated more than 1,000 packages, including school supplies, clothes, shoes, and toys, to children living in vulnerable conditions.

# Our Stories

## Education

Scholarship Program for Talented University-level Students who Need Economic Aid in Order to Continue their Studies.

Since 2015, Fundación IEnova has been supporting talented university-level students who require a partial scholarship at the CETYS University to continue their studies. In 2015-2019, Fundación IEnova granted 158 scholarships.

In 2019, in a 50-50 collaboration with CETYS University, we created the **FUNDACIÓN IENOVA GENERATIONAL SCHOLARSHIP**, to cover tuition for two young students. Currently, one student is enrolled, working to obtain his degree in Industrial Engineering, and a new fellow will enter the program the next school year.

## Environment

Program for Infrastructure Improvements Focused on Supplying Electricity Generated from Clean Sources of Energy to Foster Homes and Centers that Offer Support to Vulnerable Groups.

As part of our business model, we favor the use of clean and renewable sources of energy. This is why the Program for Infrastructure Improvements Focused on Supplying Electricity Generated from Clean Sources of Energy to Foster Homes and Centers that Offer Support to Vulnerable Groups is one of the priorities for Fundación IEnova. During 2019, we granted donations for 7 solar energy projects in the amount of \$6.38 million pesos.

Additionally, we installed energy kits in 15 grocery stores in Yaqui communities in Sonora, Mexico, including solar cells, energy-efficient lighting, and solar refrigerators, all of which will help beneficiaries reduce their energy consumption without affecting the quality of their products.

In 2017-2019, with the Fundación IEnova contribution, more than **576 solar panels** were installed in the country, benefiting educational institutions, senior care facilities, foster homes for children and young people, among other centers that tend to vulnerable groups. The resulting savings in energy consumption allow these entities to focus resources on their social goals.

## Vulnerable Groups

Triannual Foster Home Adoption Program for Infrastructure Improvements.

At IEnova, our commitment is evidenced by the fact that we promote the development of the communities where we operate. To this end, and in order to contribute to transforming the lives of children living in vulnerable conditions, at Fundación IEnova we established the **Triannual Foster Home Adoption Program for Infrastructure Improvements**, in collaboration with Fundación para la Protección de la Niñez.

The goal of this program is to contribute to improve the living conditions of children in foster care. The funds we donate are allocated to making upgrades to the infrastructure of their foster homes.

As part of this effort, between 2015 and 2017 Fundación IEnova adopted six foster homes located near our operations. Over the course of those years, we invested \$4.8 million pesos, benefiting 309 children. In 2018, we began the new 2018-2020 cycle, during which we adopted seven foster homes in **Chihuahua, Mexico City, Baja California, Nuevo León, and Coahuila**. Additionally, in 2020 we will integrate a new foster home located in the state of Veracruz into the program. With a total investment of approximately \$6.79 million pesos they are currently making improvements to these homes, including repairing and remodeling bathrooms, building areas for children, supplying furnishings, and installing solar panels, among others.

## Community Services

Program for the Integral Care for Children with Cancer.

Fundación IEnova has been collaborating since 2018 with **Casa de la Amistad para Niños con Cáncer, I.A.P.** as part of our Program for the Integral Care for Children with Cancer. With our contribution, Casa de la Amistad complements the economic aid it offers children with cancer in order for them to be able to afford testing such as gammagrams (imaging tests), MRIs, ultrasounds, and the medication they need. In 2018-2019, close to 235 children in the states of **Aguascalientes, Estado de México, Jalisco, Nuevo León, Tamaulipas, and Veracruz** have been beneficiaries of the program.
